

ARMY IN JAIL AGAIN.
Salvation Evangelists Taken in for Non-Payment of Fines.
At about 8 o'clock last evening the police made another arrest of the Salvation Army people and put ten of the eleven evangelists in the city prison where they now confined on executions for non-payment of the fine imposed in Justice Peck's court after the trial by a jury a few weeks ago, when a verdict of guilty was returned. At that time it was understood on the part of the court and officers that there would be no further interference on the part of the police, provided the army would keep moving when on streets, not forming a circle on the square or stopping in front of places of business. Captain Stoneking had the case appealed to the circuit court, and advised that there would be no more meetings provided the case came up the present term of court. But yesterday she saw that all of the cases would go over to the September term and on the advice of attorneys and friends, so it is stated today by Captain Moore, lately returned from Michigan, the lady decided to appear again on the square with her army, and she did so, forming a circle and beginning the usual open air program. It was at this juncture and while a Modern Woodmen band was on the square playing a tune, waiting for a car to go to Riverside park, that the Salvation Army evangelists were taken in charge by the officers and marched off to the city prison. The parties arrested on the executions were Captain Louise Stoneking, Lillie Keenan, Iona Wilson, Romona McDouder, Minnie Williams, Ella Wood, Miss Wentz, J. A. Bland, William Babcock, J. H. Williams and H. E. Wood. They were placed in the iron cells except Miss Wentz, against whom there was no execution. She was released, being given the same treatment as was accorded the main body of the army when it was first arrested.
It is understood that Attorney Hutchinson has been engaged to look after the interests of the evangelists. He has mapped out a plan of action which he says will curtail the habit and whiskers of some of the individuals who have been active in bothering the evangelists. "Hutch" generally puts up an interesting fight in the courts. This case promises to be watched with considerable interest.
In Justice Peck's court sixteen members of the army were fined \$1 each. The costs incurred at that trial, not counting attorney's fees, were \$23.85, which proportioned would be something like \$2.50 for each, fine and costs. More costs were incurred last night by the arrest on the executions. Six members tried and fined were not on the street last night. They will not be disturbed so long as they comply with the agreement entered into in the justice's court, as the police understand it.
Captain Moore was about the city today taking cash subscriptions to employ counsel. He says the Salvation Army never pay any fines. "We are working for Jesus, and if we have to suffer in His name we will do so."
Captain Stoneking makes the point that she thought she had a right to hold the open air meeting because the Woodmen band was standing on the square collecting a crowd by its music. They were causing something of a blockade.
Marshal Mason was seen today as to that feature of the case. He said he thought the point was well taken, and had he known that the band was going to make a stand on the square he would have run them in. But the band stopped but a short time and boarded the first car for Riverside park. As he understands the ordinance no person has a right to blockade sidewalks or the streets. He says he is simply acting under the instructions of the city council which by its vote ordered that the ordinance shall be enforced.

They walked from the station to the Governor's house and were very cordially received by the presidential nominee.

DISCHARGES FIVE EMPLOYEES.

Result of a Conspiracy to Steal from the Alton Road.

Springfield, Ill., June 20.—There are no additional disclosures relative to the robbery of the Chicago & Alton Railroad company by ticket agents and conductors, acting in collusion, the former issuing and the latter collecting from passengers and returning to the office in this city large numbers of non-redeemed tickets. The amount of the stealing will probably never be known, but it is believed to have been large. Assistant General Passenger Agent J. W. Charlton, Jr., and Traveling Auditor William Gallagher have completed their examination of the office here, but the result of their investigation has not been made public. It is learned that five employees of the company, three ticket agents and two conductors, have been discharged from the service.

The distance is one mile and a half. The probable starters are Ben Brush, Ben Eden, Prince Lief, Captive, Raimor, Argentine, Lodi, Don Carillo and Bryon McClelland. The favorites are Ben Brush, Ben Eden and Prince Lief.

St. Louis, June 20.—National Committee American Republican College League held a meeting and arranged for the coming campaign, and decided that most of the work be limited to explaining from the stump the fallacy of the free silver doctrine. Branch departments will be established in every state. Headquarters will probably be in Chicago.

The Revolt in Matabeland.
Cape Town, June 20.—Despatches from Bulawayo say the revolt of the natives in Matabeland is most serious. The bodies of thirty or forty murdered whites have already been discovered. A patrol has been sent to warn the settlers to flee to Fort Salisbury, which is not considered in danger. Reinforcements are being sent from Mafeking.

ALTGELD MAKES UP A TICKET.

State Which Will Probably Go Through at Peoria.

Springfield, Ill., June 20.—The ticket to be nominated by the Democratic state convention at Peoria next week has been made up. This task has been performed by Governor Altgeld, who, of course, will control the convention. Unless the governor changes his mind in the meantime the ticket will be as follows: Governor, John P. Altgeld; lieutenant governor, Judge Monroe C. Crawford of Jonesboro; secretary of state, T. J. Medill, of Rock Island; auditor of public accounts, W. E. Brinton, now United States marshal at Springfield; state treasurer, ex-state Senator Ben. F. Caldwell, of Springfield; attorney general, A. S. Trude, of Chicago.
It was given out semi-officially that the governor had determined that this state shall go through. All of these gentlemen are, of course, free silver men. Judge Crawford was chairman of the free silver convention held a year ago.

The gold men will make a fight in the convention, but they are in a hopeless minority. Senator Palmer will go to Peoria and exert his influence against a 16 to 1 money plank, but he well understands that the sound money men are vastly outnumbered. Secretary of State Hinrichsen said: "We shall have no trouble over the money plank. Over 900 of the 1069 delegates are free silver men, and, of course, a 16 to 1 plank will be put in the platform. There will be no attempt at 'straddling,' and no concession will be made to the gold men. Among the masses of the party there is no sentiment for the gold standard. Only four counties in the state—Adams, Du Page, Kane and Kane—have given positive gold instructions."

MIRACLES

Alleged to Have Been Effected by a Mexican Girl.

El Paso, Tex., June 20.—The famous Santa Terra Urrutia, the young Mexican girl who four years ago was banished from the Mexican state of Sinaloa, on the charge of having instigated insurrection, has made a number of miraculous cures and her house is besieged by thousands.

Among the cures it is claimed she effected was an old paralytic, who was carried to her on a stretcher, and who, after she had laid her hands upon him, got up from the stretcher and walked out from the house. It is claimed he had not walked before for four years.

Santa Terra made her appearance in the doorway and announced to the wondering crowd that they would have rain within 12 hours. The horizon was perfectly clear and no rain had fallen in three months, but within three hours afterwards clouds began to gather, and at 7 o'clock there was a light rainfall, and at 9 o'clock a heavy rain fell on the San Augustine plains, just north of this city.

TENNESSEE BANKERS SPEAK.

Resolution That Gold Is the Only Standard of Value.

Chattanooga, Tenn., June 20.—The Tennessee bankers, in convention Thursday, adopted a resolution presented by John W. Faxon of this city to the effect that the standard of value in the United States must be the dollar containing 25.80 grains of gold, 900 fine; and that any attempt by legislation or otherwise to lower the standard will be detrimental to the future welfare of all classes of citizens except silver mine owners, and disastrous to the entire business interests of the country.

Resolved, That silver coin and paper currency can only be as useful as a circulating medium so long as they are issued in such amounts and denominations as is convenient for the requirements of business, without imposing unnecessarily upon the government for their redemption to maintain the parity with gold.

Walling Convicted of Murder.
Newport, Ky., June 20.—The trial of Alonzo M. Walling, jointly indicted with Scott Jackson for the murder of Pearl Bryan, ended yesterday with conviction and the death penalty. The testimony, his own included, showed that he knew Scott Jackson's purpose in bringing Pearl Bryan here ever since January 10. One purpose was to produce an abortion; another was to poison her and leave her in a room, and another was to give her cocaine, paralyze her vocal organs and cut her head off and hide it. All the while, even to the hiding of the girl's clothes after the murder, he was Jackson's partner. He heard his verdict with a stolid indifference yesterday afternoon.

Bond Committee Adjourns.
New York, June 20.—The senate committee investigating government bond issues closed its work here today. The committee will not reconvene till after the meeting of the next congress.

LYMAN TRUMBULL.

Worn Out with Age Said to be Lying at the Point of Death.

IS EIGHTY-THREE YEARS OF AGE.

As a Republican He Made a Great Record For Himself—Was Once a Leading Statesman of the Nation.

Chicago, June 20.—Worn out with weight of years and exhausted by his journey to the funeral of a life-long friend, Lyman Trumbull, the venerable lawyer and statesman, is dying at his home, No. 4008 Lake avenue. Mr. Trumbull is suffering from a complication of diseases and Dr. Bayard Holmes who is attending him, says there is no hope of recovery. Thursday he was gradually growing weaker, but was expected to live through the night. His great tenacity of life may postpone the end a day or two, but not longer.

Mr. Trumbull, who is 83 years old, was taken ill nine weeks ago in Belvidere, Ill., whither he had gone to attend the funeral of ex-Lieutenant Governor Kern, an old friend. From Belvidere he hurried to St. Louis, where he placed himself under the care of Dr. Jayne, who accompanied him to his home. Dr. Holmes, Dr. Fenner, and Dr. Billings were called in consultation and an operation was decided on. It was performed by Dr. Holmes and Mr. Trumbull, who declined to take an opiate, recovered rapidly. He was able to be up and about the house till last Friday, when his strength failed. On Saturday he was worse and has continued to sink since. He is conscious and able to converse with his family, though extremely weak.

Dr. Holmes said Thursday Mr. Trumbull was afflicted with a disease of the liver and a cancer, the latter being the immediate cause of his present illness. Added to this is the extreme age of the patient, which precludes all chance of recovery. He is constantly under the care of a physician, his brother-in-law, Dr. Jayne, living in the house and Dr. Holmes attending him during the night. His present illness is almost the first Mr. Trumbull has known for forty years and the doctors attribute his repeated rallying from apparently fatal fainting spells to his remarkable vitality.

Mr. Trumbull was born in Cortobush, Conn., in 1813. He studied law in the south, and in 1837 moved to Belleville. He was elected to the supreme court of the state in 1834, but resigned to attend to his law business. In 1854 he was elected to congress, but before he took his seat was chosen senator, in which office he served for eighteen years. Since 1873 he has made his home in this city.

OFF FOR CUBA.

The Three Friends Sails With Men and Munitions of War.

Jacksonville, Fla., June 20.—The Three Friends has sailed to Cuba with munitions and recruits for the insurgents. The steamer sailed at 1 o'clock yesterday morning while the Spanish vice consul was with United States Judge Locke urging him to detain the vessel. Judge Locke refused on the ground that the law gave him no authority to seize a vessel on suspicion.

When the Three Friends left Jacksonville she carried 15,000 rifles, 400,000 cartridges, 800 machetes, 600 revolvers, five Hotchkiss guns and a quantity of powder and dynamite. At Arlington, on the St. Johns river, eight miles below Jacksonville, the Three Friends came in and was boarded by nearly 100 men, most of them Cubans, who had a rendezvous there.

Captain Broward, who commands the Three Friends, has already landed three expeditions in Cuba. On the Three Friends' last trip she was chased and fired upon by a Spanish cruiser and returned the fire. As Captain Broward made a friend good by just before sailing, he said: "The Spaniards will never take me alive, and if they kill me I will take some of them down with me." He had a dynamite bomb in his hand while speaking.

KANSAS CHATAUQUA.

Gen. Gordon Pledges Anew the Fealty of the South to the Flag.

Ottawa, Kan., June 20.—General John B. Gordon, of Georgia, drew the biggest crowd of the Chatauqua assembly to the Tabernacle yesterday. Ranged on the platform were representative G. A. R. men to the number of two score, and national colors floated conspicuously from the rostrum. A silken flag was placed on the speakers' table. As the distinguished general mounted the platform the band appropriately struck up "Dixie," which was cheered by the audience.

In closing his lecture General Gordon said: "We came back to you, to our father's house; we came back forever to that flag whose every crimson bar was made red by the blood of Americans. We came back with no lingering bitterness; we came back with a patriotism, all sincere, to rebuke with the boys in blue our vows that this Union of our fathers should go on unbroken and know internecine war no more forever."

When the speaker stopped cries of "go on" came from every side.
"What a miracle," he cried, "a rebel general come to talk of the war to a congregation of Unionists in Kansas, and is told to go on. My countrymen, I pledge you my honor that I stand here the representative of the commander-in-chief of all the Confederates, in that we are ready to join the boys in blue in support of the republic and the flag. We join you in declaring that this flag of the North, this flag of the South, shall ever be a protective emblem of American citizens in all lands to all men."

DUBOISE, TELLER, TAUBENECK

The Latter Overcome by "an Overpowering Sense of Duty" Asks the Pops to Nominate Teller.

St. Louis, June 20.—Senator Dubois and Senator Teller had a long conference today. Neither would state at its conclusion what its purpose was. The controlling spirits of the people's party have prepared an address to the followers throughout the country advising them to make Henry M. Toller their national standard bearer. The address will be made public tonight. The signers disclaim any right to bind any party or persons by their views, "but yield to an overpowering sense of duty in saying what they do to the members of the people's party and all other good citizens, who, apprehending the approach of a momentous crisis in our country's life, are willing to avert it by acts of exalted patriotism."

MURDERED BY TRAMPS.

Tramps Fire a Volley and Kill Two Men—Murdered His Own Son.

St. Paul, June 20.—Early this morning John Paul and Jacob Hayes, of Wyoming, north of here, were murdered by unknown tramps who also seriously injured Dr. Foster, of this city. Paul and Hayes were getting a team ready to take Dr. Foster to Wyoming Mills when three tramps appeared and ordered them to hold up their hands. They showed fight, and the tramps fired a volley. Hayes and Paul fell dead. After beating Dr. Foster the tramps escaped.

After an all night quarrel, William Schoffner, fired at and missed his wife, but shot and fatally wounded a son who tried to protect his mother, then killed himself.

French Concern Insolent.

Rome, June 20.—Societa Immobiliare is declared to have failed to meet its engagements.

On capital stock thirty-eight million francs are held in Germany and Switzerland and twenty million francs in Italy.

London Report.

London, June 20.—The Standard's Rome special says the Societa Immobiliare failure is owing to grave irregularities and other disorder of the books. This with the absence of important documents, it is believed, likely to be followed by a scandal which may rival that of Banca Romana.

A Severe Storm.

Monticello, June 20.—Monticello and vicinity were visited by the worst electrical storm of the season yesterday. Several houses were struck in the city. About two inches of rain fell in a little over two hours, flooding cellars and sewers. At this hour the damage can not be estimated, but it will be large.

Windstorm Kills a Family.

Republican City, Neb., June 20.—A terrible wind storm passed over this section last night. The residence of E. P. Duncan was demolished. Mrs. Duncan was killed. The husband and two sons and a daughter were so badly hurt that they may die.

Railway Collision.

Swanton, Ohio, June 20.—The New York and Chicago limited late last night collided with a freight train on the Lake Shore road near here. The passengers were badly shaken up, several trainmen were more or less hurt. The financial loss is a hundred thousand dollars.

Comes Up Without Injury—Montana Democrats Declare for Free Silver Which They Claim is the Only Issue.

St. Louis, June 20.—Albert J. Baker, aged 39, dove head first from the Eads bridge into the Mississippi river today. The distance is 125 feet. He came up uninjured. Those who witnessed the foolish freak of the young man were astonished that he was not killed.

Declare for Free Silver.

Butte, Mont., June 20.—The Democratic state convention met today. Temporary Chairman M. P. Parker in a speech said the only issue is free silver. Committees were selected and an adjournment was taken until afternoon.

IN A TIGHT PLACE.

J. L. Humphrey, of Heyworth, Owes \$30,000, With Less Than \$10,000 in Sight to Pay Out.

J. L. Humphrey, the missing Heyworth business man mentioned in the Republican yesterday, has not yet been heard from. No clue to his whereabouts has been found, and his family fear that a fatal mishap has befallen him. Meanwhile suits are piling up in the circuit court, and the sheriff yesterday levied on the electric light and elevator property at Heyworth.

That he was in financial straits is now positively known, says the Bloomington Pantagraph. An examination of his books shows that they were very loosely kept, and no exact figures of indebtedness can be given. It is known, however, that it will reach \$30,000. To offset this there is the elevator property and electric light plant at Heyworth, which are worth from \$7,000 to \$10,000. There is a mechanic's lien against this property of \$4,000, which is held by Henry Kolser, of this city, and which, of course, in a perfected claim and perfectly safe. It is said that he owes his mother \$12,000, and a Chicago firm \$6,000. These are the largest creditors.

When Mr. Humphrey left Heyworth he borrowed \$20 at a local bank and said he was going to Chicago to pay off the \$6,000 claim held by the firm there. The absent man has a most worthy wife and two young children, and great sympathy is felt for them. One of the little ones goes to every train expecting to meet his father and is nearly heart-broken when he fails to arrive.

Yesterday three more confessions of judgment were filed. One by John L. Sharpe was for \$1,038.95; by C. M. Bolton, for \$400; by John Donovan for \$222, and by W. Vanorstrand & Co., for \$476. Merit Dale also brought an attachment suit.

Not a Detective.

Charles Laux, of the St. Nicholas hotel, was considerably amused by the proposition, or rather inquiry of a Chicago firm which employs a number of traveling men. Inquiry was made as to just what one of the traveling men for the Chicago house had paid for accommodations and at what rate. This was for the purpose of catching the representative of the house in a steal if possible. Mr. Laux remarked that he was not in the detective business except when he was financially interested. Then it had been his experience that he could never get any satisfaction out of the Chicago or any other firms. The traveling men occasionally get hotel men to cash drafts for them or to endorse the paper. Sometimes the drafts come back dishonored and the hotel man has to stand it. None of the firms ever stand good for anything. But they have the nerve now to ask hotel men to do detective work for them. Laux says he is not in that business.

St. Louis, June 20.—Senator Teller was questioned this afternoon whether he would accept either the Democratic or Populist nomination for president, and replied: "I cannot say I would not under certain conditions, I do not want to talk about it."

Shumrock, candidates for representatives, will be present to address the people and there is hope that Major Connolly, our candidate for congress who is absent from home, may return in time to accept an invitation to be present also. A good time is expected and all should attend.

John Craig Executed.

Marion News: California papers were received in Marion this week, giving details of the execution of John Craig at Folsom prison at 10:03 Friday, June 12th. Craig was a citizen of Maroa and vicinity up to ten or twelve years ago, when he went to California. Nearly two years ago, at Los Angeles, he murdered his wife and her parents, Mr. and Mrs. Hunter, for which he had paid the extreme penalty. At his request Craig was baptized by the prison chaplain shortly before the execution.

Hail and Damage.

Yesterday evening there was quite a hail storm north of here which did considerable damage. One farmer living about fifteen miles north of Decatur reports that his corn suffered a good deal from the hail. The stalks were torn considerably. The corn in most parts of the country is in fine condition and promises a big yield.

The next cyclone that visited St. Louis
really was the McKinley cyclone.

This is not the first time men who
could not control the Republican party
left it and the result is that the party was
always stronger after such an exodus than
before it.

The next thing the country will hear
will be talk of secession and the formation
of a new government out of the
Rocky Mountain states and the southern
states based on silver.

The free silver senators succeeded in
placing a free silver rider on the tariff bill
in the senate but they utterly failed to
put a free silver rider on the Republi-
can platform. They couldn't ride and so
they walked out.

Major McKinley is a member of the
Episcopal church and a trustee
in church at Canton, and Garret A.
Hobart is a member of the Presbyterian
church and a trustee of the church at his
home. This is a pleasant coincidence in
a presidential ticket.

This is the first time in the history of
telegraphy that the two great telegraph
companies in the United States were un-
able to handle the congratulations the peo-
ple tried to send the presidential nomi-
nees, and this is the first time since 1868
that the people took a universal interest
in who the nominee should be and suc-
ceeded in getting him.

They didn't catch the teacher. They
tried it, however, with much assurance.
Manley, Aldrich, Platt, Chandler all fig-
ured to beat Grosvenor. They challenged
his figures, they laughed at them, they
burlesqued them; but Grosvenor said:
"Boys, the demonstration of the problem
at St. Louis will reveal the correctness of
my figures," and it did. The boys jump-
ed into the band wagon, Mark Hanna
led the line and the band began to play.

When Mark Hanna was elected chair-
man of the national Republican com-
mittee, in accepting the position he said:

I certainly appreciate the compliment
and the confidence which goes with it in
offering me this position, which under or-
dinary circumstances I should be compul-
sed to decline, but under the present con-
dition of affairs my loyalty and my love
for our candidate induces me to go one
step farther and see the consummation of
this great victory for the Republican
party.

The task which I have had before me in
this present campaign was arduous, but
the conduct was in accordance with strict
business integrity, honor and fair deal-
ing. I wish to say further to this com-

mittee that if Major McKinley is elected
president of the United States he will be
elected owing to no man a promise that will
embarrass his administration. What he
owes me owes only to his country, and
what he will do he will do for the welfare
of the Republic and a firm determina-
tion to do his duty will make his admin-
istration a success, the United States will
have occasion to thank God for the nomi-
nation made in yesterday's convention.

Mark Hanna believes in his country
and he believes in McKinley and is de-
voted to both and for these reasons will
give the country the best campaign it ever
had.

Teller for President.

The real purpose of the walk out of the
silver men in St. Louis is being develop-
ed. The silver senators elected by Repub-
licans have not been loyal to the party
for a number of years. They could not
be relied upon to act with the party on
any canvas subject that in any way in-
volved the currency question and in 1890
there was great difficulty in securing their
votes for the party measure known as the
McKinley tariff bill. It was not until
they were guaranteed the Sherman silver
purchase bill that they consented to vote
with the party on its leading principle.
In 1892 congress was made Democratic
and the party of course was not in posi-
tion in that congress to create legislation,
but in the repeal of the Sherman law they
voted against their colleagues. In 1896
when the Republicans had control of con-
gress they sold out the party in the senate
when it attempted by a provisional tariff
bill to relieve the treasury. They not only
proved treacherous to the party but killed
that bill by forcing a free silver bill upon
it as a rider. At that time they were read
out of the party by several prominent Re-
publican senators. In the light of what
is now transpiring it is plainly seen that
these silver senators were conspiring to
bring about conditions that would afford
an excuse for bolting and possibly force
the Democratic party to take up Teller for
president on the promise that the entire
free silver contingent would be dumped
into the lap of that party.

This purpose is openly manifest in the
proclamation they make to the people. In
that they openly admit their purpose of
unloading Teller upon the Democrats.
They have been traitors to the party for
years. The dramatic withdrawal from the
Republican convention was dison-
est. It is simply part of the play to give
them standing with the free silver Demo-
crats and Populists. The party is well
rid of them. It could do no business with
them because they refused to let the party
legislate. Now the coast is clear. The
party knows that it cannot control the
senate in 1897 by the vote of any of the
free silver senators. If they control it all
it must be done by electing enough
Republicans to make up for them. The
country knows what it has to do in order
to re-enact legislation that will bring
prosperity to the country. It will have
to elect Republican legislatures in order
to elect Republican senators. These vot-
ers who want things to continue as they
are will not vote for Republican members
of the legislature and then no matter
whether McKinley is elected or not the
laws that will bring prosperity cannot be
enacted. These are matters the voters
most interested in a return to prosperity
will have to consider between now and
November. If they want good times
again they will vote right all along the
line. If they don't want good times they
will fritter away their votes.

"The world is ever as we take it,
And life, dear child, is what
we make it."

This was the sentiment of an old
lady to her grand-
child Mabel. And
many a Mabel has
found it to be true
and she has taken
care of her health.
She keeps on hand a supply
of Dr. Pierce's Favorite Pres-
cription, and so is not troubled with those
wasting diseases, weaknesses, "dragging-
down" sensations and functional irregu-
larities that so many women endure.
"Favorite Prescription" contains no al-
cohol, no injury, no sugar, no sugar,
derange digestion. As peculiar in its re-
medial results as in its composition.
As a powerful, invigorating tonic, it im-
parts strength to the whole system, partic-
ularly to the womb and its appendages.
For feeble women generally, Dr. Pierce's
Favorite Prescription is unequalled as an
appetizing cordial and restorative tonic.
A Book of 100 pages, telling how to cure
these diseases by home-treatment, sent
FREE on receipt of 21 cents in stamps for
postage and wrapping only. This book is
profusely illustrated with wood-cuts and
colored plates, also with a vast number of
reproduced photographs of those cured by
the use of "Favorite Prescription" and
without having to go through the ordeal
of consulting a doctor. Full names and
addresses are given so you can correspond
and learn their experiences in curing them-
selves. Address, with stamps, WORLD'S
DISPENSARY MEDICAL ASSOCIATION, No.

Mrs. Jos. G. Col-
lins, of Peoria, Ill., writes:
"I took Dr. Pierce's
Favorite Prescription
for three months and
it helped me, more
than all the other
medicines that I had
taken. Had been sick
for four months with
uterine troubles—can
now be around on my
feet without any
trouble whatever. I
fore taking 'Favorite
Prescription' I could
hardly get around at
all. I hope this state-
ment will benefit others."

Deafness Cannot be Cured

by local applications as they cannot
reach the diseased portion of the ear.
There is only one way to cure deafness,
and that is by constitutional remedies.
Deafness is caused by an inflamed con-
dition of the mucous lining of the
Eustachian Tube. When this tube is
inflamed you have a rumbling sound or
imperfect hearing, and when it is on-
tially closed, deafness is the result, and
unless the inflammation can be taken
out and this tube restored to its normal
condition, deafness will be destroyed for-
ever; nine cases out of ten are caused by
catarrh, which is an inflamed condition
of the mucous surfaces.

We will give One Hundred Dollars
for any case of deafness (caused by cat-
tarrh) that cannot be cured by Hall's
Catarrh Cure. Send for circulars free.

The infant son of Mr. and Mrs. Hall, of
East Peoria, was smothered to death. It
had been put to sleep on a bed. A pillow
was put above its head and a mosquito
bar draped from it down over the child's
body. When the mother entered she found
that the child had been smothered to death
under the mosquito bar and that he was smoth-
ered to death.

The Discovery Saved His Life.

Mr. G. Gaillette, Druggist, Beaverville,
Ill., says: "To Dr. King's New Dis-
covery I owe my life. I was taken with
La Grippe and tried all the physicians
for miles about, but of no avail and was
given up and told I could not live. Hav-
ing Dr. King's New Discovery in my store
I sent for a bottle and began its use and
from the first dose began to get better,
and after using three bottles was up and
about again. It is worth its weight in
gold. We don't keep store or house
without it." At West's drug store.

Mr. G. A. Stillson, a merchant of Tam-
pico, Ill., writes, August 10th, 1891:
"Foley's Kidney Cure, to me, was a
wonderful success. It has cured some
cases here that physicians pronounced
incurable. I myself am able to testify
to its merits. My face to-day is a living
picture of health, and Foley's Kidney
Cure has made it such. I had suffered
twenty seven years with the disease, and
to day I feel ten years younger than I
did one year ago. I can obtain some
wonderful certificates of the medical
qualities." Neisler Drug & Supply Co.

Diagnosis of Grippe.

True grippe is a germ disease. These
germs are in the circulation and per-
vade every tissue and organ of the body.
This brings speedy collapse and often
death to the aged and debilitated. The
only germicide known that searches
out and destroys every grippe germ in
the system is Brazilian Balm. A week
of daily treatment effects a complete
cure.

trustees of the University of Illinois, two
new departments were created for the col-
lege of agriculture, viz: A department of
agricultural physics and one of dairy man-
ufacture.

Dr. L. Kittinger, a leading physician
of Wilmington, Del., called the prop-
rietor of Brazilian Balm to send him a dol-
lar bottle. A few weeks afterwards the
doctor said: "I had a couple of cases of
old Cough on hand that completely
baffled me. I had got to the end of my
string. But the Balm made a prompt
cure in both cases. It is a remarkable
remedy."

MAD HORSE ATTACKS ITSELF.
Frenzied by Hydrophobia, It Tears the Flesh from Its Bones.

A horse belonging to William Horner, of Lacon, Ill., was recently bitten by a dog supposed to have had the rabies, and the other night the animal showed symptoms of some strange disease, biting and snapping viciously. The neighborhood was aroused about midnight by unearthly screaming in the barn. Mr. Horner took in the situation at once, realizing that the horse had hydrophobia, and barricaded the doors. The maddened animal jumped and thrashed about, every minute testing the strength of the structure in which it was confined. The door was cautiously opened and a shot fired which ended the suffering of the brute. A terrible sight met the eyes of the crowd. The horse had literally disembowled itself with its teeth. The upper jaw was broken and teeth prints in the manger indicated the strength and frenzy of the animal.

STANDS THE TEST.
Russian Government Accepts Armor Plate Made by an American Company.

A test of armor under severe conditions made at the Indian Head proving grounds the other day, resulted successfully for the manufacturers, the Bethlehem Steel company, of Bethlehem, Pa. The plate tested represented 600 tons of ship armor intended for the Russian government, which was officially represented by Capt. Mertwago, the military and naval expert attached to the Russian legation in Washington. Nine shots were fired at the target, an eight-inch Harveyized plate at various velocities; six six-inch Hatcher shells and three four-inch Hatcher shells being used. All the shells smashed up in the plate after penetrating a few inches. The plate was practically intact and Capt. Mertwago accepted it in behalf of the Russian government.

Stronger Than Hemp.
Given an equal number of strands to make up the rope, and each of the same circumference, it may be readily shown that wire, twisted into rope form, will make a rope so strong as to admit of no comparison even with the best white hemp rope. Twisted hempen cords will sustain 8,740 pounds, if the rope be one inch thick, but one-eighth of an inch in diameter of iron will sustain more than one inch in circumference of hemp rope. No rope, whatever its material, could bear comparison with an inch rope made of piano steel wire, such a rope being able to bear not less than 265,000 pounds, or nearly 120 tons, before it could be torn by a dead weight.

Brings Out the Inscription.
To read the inscription on a silver coin which, by much wear, has become wholly obliterated, put the poker in the fire, when red-hot place the coin upon it, and the inscription will plainly appear of a greenish hue, but will disappear as the coin cools. This method was formerly practiced at the mint to discover the genuine coin when silver was called in.

Rich English Club.
The Carlton club, London, has about 4,000 members and is the richest in the world.

The mail carriers will swing the bats and pelt the sphere at the base ball park this evening. Some of the carriers are very ambitious chaps and believe that some day they will develop into star players of the first magnitude.

It is probable that the Salvation Army will be largely represented at the meeting of the city council Monday night.

The McMurtry homestead property on West Cerro Gordo street is being overhauled and improved.

The Illinois grain dealers will be with us next week. They will come on Tuesday.

The new court house at Petersburg is fast assuming shape and promises to be a thing of beauty.

Children's Day will be observed at the M. E. church in Delavan June 21.

EVENT OF THE WEEK.

A Great Battle Between Spanish
Troops and Insurgents.

BOTH SIDES CLAIMING THE VICTORY.

The Weight of Testimony Going to
Show that the Spanish Army was
Saved from Annihilation by Timely
Arrival of Reinforcements.

HAVANA, June 17, via Tampa, Fla., June 20.—The event of the week has been Gomez' splendid victory at Najasa, Puerto Principe. The details thus far are meagre, the best report received here up to the present time being from the correspondent of La Discusion, which is regarded as the best informed independent paper in Havana. He says that Gen. Jimenez Castellanos left Puerto Principe on the 8th instant with 2,114 men, 142 horses and five mounted pieces of artillery. On the 9th they encamped at a cattle ranch called Saratoga, where about 4 p. m. the attack commenced by a charge of 1,000 rebel cavalrymen with machetes. From that moment until the morning of the 11th the insurgents continued harassing the troops, killing and wounding many.

The story of Gen. Castellanos, who commanded the Spaniards, is that the Cuban charges were repelled either by artillery fire or by forming hollow squares, which the Spaniards consider unbreakable. Still Castellanos confesses that there were moments of great danger, and only by displaying the greatest valor could the Spaniards succeed in repelling the attacks of the enemy. He admits that the number of wounded Spanish troops obliged him to erect hospitals in the farm house of the ranch, a brick structure, which was so riddled with bullets that some of the wounded men were struck after being placed inside.

Castellanos also acknowledges that Gen. Godoy's arrival was very opportune, since the 42 hours' fighting had exhausted his troops. In view of the loss inflicted on the forces, Generals Godoy and Castellanos decided to return to the city without pursuing the enemy, who had already inaugurated their retreat on Godoy's approach.

Varela, the La Discusion's correspondent, also states that the Spanish troops fired 50,000 cartridges and 30 shells and the rebels 25,000. He figures the rebel losses at 400 to 500 and the Spanish forces 35, of whom only four were killed and the rest wounded, including two officers.

This is the Spanish side of the fight, which is borne out by the official report.

From other sources, incomplete and lacking important details, it is shown that Gomez had only 1,800 men. Gen. Castellanos forces amounted to 3,500 men. He knowing of his rival's approach, placed the men in convenient positions, dividing his forces in small groups of 300 men each. As soon as the Spaniards were comfortably encamped in the ranch, preparing for the next day's attack on Gomez' stronghold at Najasa, the Cuban chief suddenly made his appearance, attacking their positions simultaneously on all sides. Taken unawares and completely surrounded, all they could do was to defend themselves from the continued charges, which, with marvellous military precision, were kept up night and day, without affording the Spaniards a moment's rest.

Thanks to Gen. Godoy's timely arrival with 2,500 men, Castellanos was saved from complete defeat. It is said that if Godoy had delayed his march six hours longer Castellanos must have surrendered, as he was already too weak to stand fighting much longer. The total losses on both sides have not been ascertained yet. It is only known that the Spanish brought with them 350 wounded from the field of action, and if any were left behind they are unknown. Report has it that the total Spanish loss in killed, missing and wounded is over a thousand. The sanitary condition of the island is getting worse every day. Reports are coming in from every town recounting ravages of smallpox and yellow fever.

CHARGED WITH FILIBUSTERING.

Capt. Dickman Given Away by Members of His Crew.

PHILADELPHIA, June 20.—It was stated late yesterday afternoon that United States Commissioner Bell had issued warrants for the arrest of Capt. Dickman of the Laurada and Col. Emilio Nunez, the Cuban leader, charging them with conducting a filibustering expedition to Cuba on that vessel. The Laurada arrived here a few days ago from a southern trip, and it was on this voyage that the offense is alleged to have been committed.

Late in the afternoon Capt. Dickman was arrested in the office of John D. Hart, and at a preliminary hearing before United States Commissioner Bell, was held in \$1,000 bail for a further hearing on June 24. Bail was furnished and Capt. Dickman was released.

No evidence was offered at the hearing, and it is understood that the principal witness against Capt. Dickman will be members of the crew of the Laurada.

There is little likelihood of the warrant issued for Col. Nunez being served now, as it is more than probable he is on his way to Cuba on a filibuster which sailed recently.

HANNA'S TRUST.

Gov. Altgeld's Impressions of the St. Louis Convention.

IN THE INTEREST OF ORGANIZED GREED

The Idea of November Will Witness the Complete Annihilation of the Plutocratic Association Which Calls Itself the Republican Party.

SPRINGFIELD, Ill., June 20.—Gov. Altgeld, asked to give his impressions on the action of the St. Louis convention, said:

The republican party passed its highest mark in point of strength in the months ago. Since that it has been steadily declining. The convention was one of the most mediocre in character ever held by that great party, and showed that the party is now at the opposite pole from what it was when it nominated Lincoln. Then its conventions were made up of statesmen, orators and patriots and there was a noticeable absence of those men and those influences which represent only self and greed, and which seek to control affairs by base and corrupt methods. This last convention was noted for the scarcity of statesmen and orators, and was manipulated in such a way that it will be known in history as 'Mark Hanna's trust.' Both of its chairman were corporation hired men.

It used to be said of some of the territories that no man could move in them for honorable circles unless he had either committed a murder or stolen some horses, and in the St. Louis convention no man who had not manipulated congress, or ravished a legislative, or seduced a judge in the interest of organized greed was considered worthy of the notice of republican gentlemen.

The platform can be summed up in two capital G's—gold and greed, and stands for paralysis and misery, and considering the antecedents of the candidate, and the manner in which he was put before the public now, it is clear that he is only a servant who will carry out orders.

Long before November, the ticket will have upon it the curse of the American people, and if the democratic party will be true to its great mission, and will neither straddle nor compromise, but stand for the interest, the welfare and the rights of the great suffering masses, then the idea of November will witness the complete annihilation of that plutocratic association which without right or authority calls itself the republican party.

DEPARTING LEADERS.

Chairman Lauterbach Promises McKinley Two Hundred Thousand Majority in New York.

St. Louis, June 20.—Mr. T. C. Platt left for New York yesterday morning. He was accompanied by Congressman Odell, State Chairman Blackett, J. Stuart Cassatt and Mr. Lou Payne.

Mr. Clarence M. Depew took his departure at 12 o'clock over the 'Big Four' route. A number of other New Yorkers left on the same train. Among them were Congressman Seneca B. Payne and Mr. Lauterbach, the chairman of the New York county committee.

Mr. Lauterbach expressed great satisfaction with its gold plank. He and his New York associates, he said, had not succeeded in doing all that they had hoped to do, but they were gratified at their success in helping to formulate a platform which admits of no misinterpretation so far as its money feature is concerned.

"The New York county organization, of which I am chairman," said Mr. Lauterbach, "will cheerfully cooperate with other organizations in the campaign. We shall give McKinley our united support, and he will carry New York state by a majority of 200,000."

SPANISH FALSEHOODS

Concerning Late Battles Exploited by Later Reports.

HAVANA, June 20.—Private advices from Camagüey are to the effect that the rebel loss in the battle of Najagua was only 11 killed and 49 wounded, instead of 500 killed and wounded, as was stated in the official report of the fight. The opinion is gaining ground that the Spanish reports of a victory were untrue.

It is said that Maximo Gomez, the rebel commander-in-chief, is marching toward the railway between Nuevitas and Puerto Principe, his intention being to cut off communication between the two cities.

Advices from Manzanillo, province of Santiago de Cuba, show that numerous parties of rebels belonging to the commands of Rabi and Jose Maceo are concentrating in the vicinity of that city. Every precaution is being taken by the Spanish commander there to prevent or repulse an attack on that city.

International Printing Pressmen's Union Elect Officers.

CHICAGO, June 20.—The convention of the International Printing Pressmen's union yesterday elected the following officers: President—Theodore Galoskovsky, of St. Louis; first vice-president, J. Birmingham, Washington; second vice-president, James W. Conner, Philadelphia; third vice-president, Frank Pmpush, St. Paul; secretary-treasurer, James Gilson, Brooklyn; delegate to American Federation of Labor, Jesse Johnson.

Nominated a Silverite.

BRATTVILLE, Ky., June 19.—The democrats of the tenth district yesterday morning nominated L. Y. Fitzpatrick, a silverite of Floyd county, for congressman over ex-congressman W. M. Beckner, sound money!

BOND ISSUE INVESTIGATION.

August Belmont Before the Committee—He Refuses to Answer Certain Questions.

NEW YORK, June 20.—At the Hoffman house session of the United States senate bond investigation committee yesterday, August Belmont was examined. In response to questioning by Senator Vest, he said his first official connection with a government loan was on the night of January 29 or 30, 1895, when Assistant Secretary Curtis called at his house in this city. Prior to that, on January 25, he had gone to Washington and called on Mr. Carlisle, with the object of impressing upon him the seriousness of the financial situation. He made no suggestions to Mr. Carlisle about issuing United States bonds, but volunteered to ascertain for him the state of feeling in Europe. It was not necessary, Mr. Belmont said, to suggest to the secretary of the treasury that bonds should be sold. The question was whether bonds could be sold.

Later, in this city, the witness said, he himself, Mr. Morgan and Mr. Curtis held a conference, as a result of which Mr. Morgan and the witness appealed to their London correspondents to make a bid. The Londoners got together and cabled that they might perhaps consider the purchase of a 30-year four per cent. bond on a 3 1/2 per cent. basis. Secretary Carlisle thought the price too high, and Mr. Belmont and Mr. Morgan went to Washington to see him. The witness and his associates were not acting as agents of the Rothschilds, but were endeavoring to get European capitalists to consent to buy some bonds.

Secretary Carlisle, said Mr. Belmont, remained firm in his refusal, and the contract was made for the sale to the government of 3,500,000 ounces of gold in exchange for bonds at a price which cost the government a little less than 3 1/2 per cent.

Mr. Belmont declined to say what proportion of the issue of bonds was received for the gold his firm handled or what profit was made on them. When the bonds were received and the gold turned over to the treasury, the bonds became the property of the witness and his associates, and it was the business of the committee to learn what they were sold at. Mr. Belmont also declined to tell to whom he had sold the bonds; whether he was interested in the last \$100,000,000 issue, and whether or not he was approached by anyone with respect to this \$100,000,000 issue or in behalf of the Graves bonds. He said, however, that he had nothing to do with the negotiations for them.

Mr. Stetson was then examined. He said that he dictated part of the bond contract and Mr. Curtis part. He went to Washington as Mr. Morgan's counsel. "I never," said Mr. Stetson, "received one penny of profit for my services in connection with the negotiations. I considered it a patriotic duty to avert the crisis. I may be in error, but I believe it to be the most valuable public duty I ever did."

Before adjourning Mr. Graves told his story of how he believed that Secretary Carlisle had unjustly sold to another person bonds which he believed were his. He was not questioned much.

TELEGRAPHIC NOTES.

—Additional reports as to the loss of life by the recent earthquakes and tidal wave in the northern provinces of Japan show that 10,000 persons were drowned by the tidal wave which accompanied the shocks.

—Speaker Reed was away from his hotel in Washington Thursday night until 11 o'clock. When he returned he sent the following telegram to McKinley: "I wish you a happy and prosperous administration, happy for yourself and prosperous for the country."

—While the Spanish consul was with United States Judge Locke at Jacksonville, Fla., yesterday, urging him to detain the steamer 'Three Friends,' that vessel left port carrying 15,000 rifles, 400,000 cartridges, 800 machines, 600 revolvers, five Hotchkiss guns and a quantity of powder and dynamite. At Arlington, eight miles below, on the St. John's river, the vessel took on nearly one hundred men, most of them Cubans.

Milwaukee Street Railway Boycott Declared Off.

MILWAUKEE, June 20.—The street railway boycott was formally declared off yesterday by President James Flint of the Amalgamated Association of Street Railway Employees. He said that his organization had discontinued running buses, and no longer asked the public to refrain from riding in the cars. He stated, however, that the strike has not been declared off, and that it will not be as long as the men feel as they do at present.

Three Great Filibustering Expeditions En Route to Cuba.

PHILADELPHIA, June 20.—The Record says that three of the largest and most formidable filibustering expeditions that have ever left the United States are now on their way to the coast of Cuba, and all have thus far escaped the vigilant government officials and Spaniards, who have been watching for them and their many passengers and large cargoes of ammunition, dynamite, guns and other war material.

Indiana's Nicholson Law Declared Constitutional.

INDIANAPOLIS, Ind., June 20.—The supreme court rendered a decision yesterday afternoon upholding the Nicholson law, passed by the last legislature. The law has caused a great deal of political bitterness, and its provisions are similar to those of the Raines law in New York state.

The Satanita was the Winner.

QUEENSTOWN, June 20.—In the race for large rats, in the Royal Cork Yacht Club regatta yesterday, the Satanita was the winner, Ailsa second and Britannia third.

THE TURN OF LIFE.

WOMAN'S CRITICAL PERIOD Contemplated with Less Fear than of Old.

[SPECIAL TO OUR LADY READERS.] There is no period in woman's earthly career which she approaches with so much anxiety as the "change of life." Yet during the past twenty years women have learned much from a woman.

It is safe to say that women who prepare themselves for the "critical period" pass through it much easier than in the past.

There is but one course to pursue. Lydia E. Pinkham's Vegetable Compound should be used in time to subdue the nervous complications, and prepare the system for the change.

It is well for those approaching the time to write Mrs. Pinkham, at Lynn, Mass., and get her free advice.

Such testimony as the following should be convincing:—

"Your Vegetable Compound has been a God-send to me; it saved my life when all else failed."

I would have been in my grave ten years ago but for it. My womb had fallen and rested on the bladder. The doctor could not relieve me; my mind was deranged. Your Compound cured me. It helped me through the change of life all right; am now in good health. It has also cured my husband of kidney trouble; made him like a new man. Please state my words in the strongest terms. I am glad to send you my picture. I travelled twelve miles to have it taken for you. Mrs. W. L. DAY, Bettsville, O.

Three Meals

a day, no matter how warm the weather. And yet the task isn't such a burdensome one, even in weather as warm as the present, when you have a gas range. If you have not a gas range there is certainly no good reason why you should not get one at once. In the first place the price of fuel gas has been reduced to \$1.25 a thousand. This makes

Gas the Cheapest Fuel

you can use. It is cheaper than gasoline at 11 cents a gallon, and then it make no odor; there is no danger and no insurance permit is necessary. You turn the valve, you touch the match, and when the meal is done another turn of the wheel and the expense stops.

How Simple! How Comfortable!

You do not know what you are missing if you are still doing your cooking over an old-fashioned coal stove, or a dangerous, ill-smelling gasoline makeshift. Not only has the price of fuel gas been reduced, but in order to get as many gas ranges into operation as possible this summer,

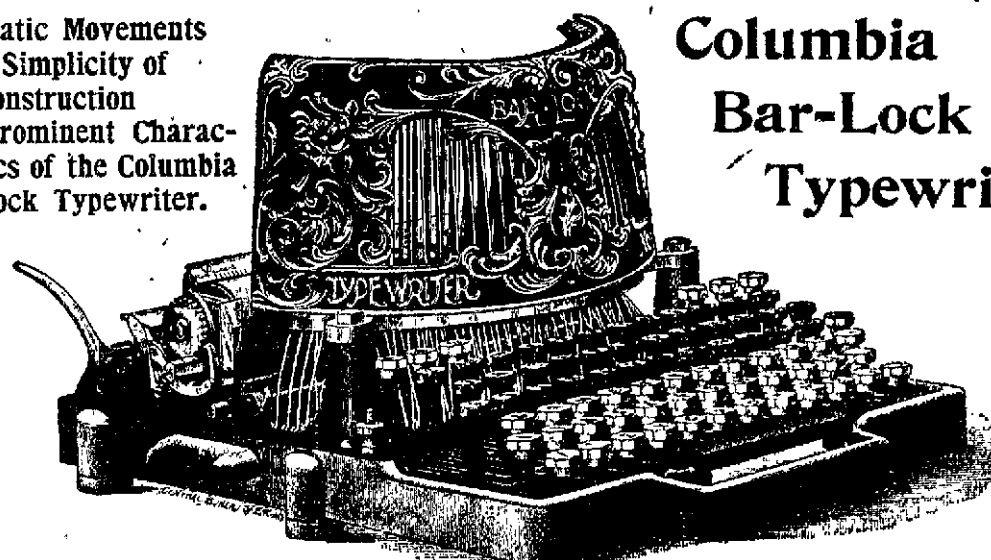

The Decatur Gaslight & Coke Co.

have bought a large number of various styles of the latest and best gas ranges made and are offering them at exactly what they cost to manufacture. If you are interested in the subject, and every woman should be, call at their office in the

PASFIELD BUILDING, ON NORTH MAIN STREET,

see the gas ranges they are showing, and be surprised at how few dollars it will take to get one of them.

CHRISTIAN ENDEAVOR NEWS.

Polio on the Basket Picnic at Riverside
Next Thursday—Society Notes.

The grand Christian Endeavor basket
picnic under the auspices of Macon Coun-
ty Christian Endeavor Union, will be held
at Riverside park next Thursday, June
25. The welcome address will be deliv-
ered by Mr. J. A. Montgomery of Macon,
the response by Prof. A. E. Turner of
Lincoln university. Music will be fur-
nished by a chorus of 150 voices and
Goodman's band will be present all after-
noon. Everyone is invited to come and
bring their baskets well filled. Several
societies are planning to eat their dinner
together. Among those who have reported
are Grace M. E. and First M. E. societies.
The chorus met last night at the First
M. E. church for their first rehearsal.
They meet again on next Tuesday night
at the same place. Everyone who will
sing in this chorus is requested to meet
with them. Invite all your friends out to
hear the sacred concert given by Good-
man's band at the C. E. picnic.

The Baptist C. E. societies will have
charge of the regular Sunday evening ser-
vice tomorrow night at 7:45; an interest-
ing program has been prepared with a
large chorus choir from their intermediate
society. There will be three short
addresses by the following: Miss Mary
M. Wood will tell what Christian En-
deavor stands for. Mr. Wilbert R.
Funk, "Our Local Society," Mr. Norman
Coughlin, "Our Other Societies." The
scripture lesson will be read by Miss
Mabel Wayne.

The Grace M. E. society had charge of
their Wednesday night prayer meeting
last Wednesday night, led by Mrs. J. King.
The congregational society has their
election of officers tomorrow evening.

The Baptist society held a farewell so-
cial last night at the home of Miss Hut-
stapillar who leaves today for Wash-
ington where she will be married to Mr.
Thomas Wood.

The committee on arrangements for the

picnic hold their last meeting tomorrow

afternoon at Miss Bertha Gray's.

The Presbyterian society will carry out
the suggestion of the United society and
will have a question box meeting led by
Miss Carrie Powers Sunday evening at 7
o'clock. Every one is invited.

The executive committee of the First
M. E. society met last night at the home
of T. B. Ewing and transacted their regu-
lar business.

M'BRIDE WAS NOT MARRIED.

The Reports of the Wedding Which Ap-
peared in Some of the Local Papers a
Few Days Ago Were False.

Several days ago two of the local papers
published sensational articles in which
it was said that Will McBride, of this
city, had been married to Miss Emma
Cain, of St. Louis. The whole story was
untrue and without substantial founda-
tion. The report was started as a joke,
and soon was heard all over the city.

Mr. McBride went to St. Louis Wednes-
day on a visit and returned home last
night. The items published in the pa-
pers said that Bert Hildebrandt had re-
ceived a telegram from McBride stating
that he had been married at St. Louis
and for him to come to that city. Mr.
McBride's relatives knew nothing of the
affair when asked about it and it was
supposed by his most intimate friends
that the whole story was simply a joke,
which it turned out to be. The two
newspapers however published the story
and connected with the yarn the name of
Miss Cain, of St. Louis, a young lady who
is well known in Decatur and has visited
in the city many times.

Mr. McBride knew nothing of the
affair until he arrived home last night.
He was much surprised and annoyed to
find that the newspapers had published
what they did. He says that he
does not care for himself but was
much displeased that the name of the
young lady should have been connected
with the story in such an unjust manner
and entirely without foundation.

GRAIN DEALERS' MEETING.

They Will Hold a Session and Give Ban-
quet on Tuesday.

The members of the Illinois Grain Deal-
ers' association will hold their meeting
next Tuesday, June 23, at the hall of
Coeur de Leon Lodge, No. 17, Knights of
Pythias, in opera house block, on which
occasion matters pertaining to grain
weights and measures, etc., will receive
attention. There will be considerable
discussion by the big and little shippers
and all of the back counties will be heard
from.

The local committee is engaged in ar-
ranging entertainment for the visitors.
There will be a banquet Tuesday night in
the K. P. Hall.

The "Long 9" Grand Jury.

The grand jury adjourned this morn-
ing. They have been in session just three
weeks, and are entitled to be called the
"Long Nine." About the middle of the
first week they returned nine indictments
and the next return, about the first of the
second week they returned nine indict-
ments, and about the last of the second
week they returned nine more and this
morning at 9 o'clock they returned the
multiple of 9 being 27. Thus fifty-four
indictments in all were returned. Not-
withstanding the busy season of the year
the grand jury was remarkably well at-
tended and in taking leave of the body
Judge Vail recognized in a befitting way
that fact. The following resolution was
adopted before adjournment:

Resolved, that the thanks of this grand
jury be and are hereby tendered to our
foreman, George Johnston, for faithful
and conscientious performance of his du-
ties and spirit of fairness to all members;
also to the clerk, J. E. Smith, for faithful
performance of his duties.

A Forger Arrested.

About ten days ago City Marshal Mc-
Intosh at Monticello received a letter
from Detective Samuel Walick, of York,
Pa., asking if a man by the name of
John A. Frey was in the vicinity, stating
that he left York about eleven months
ago. He left a wife and children and
came here but his family followed soon.
McIntosh was cautioned to be careful for
he was a slippery fellow. McIntosh locat-
ed Frey working for Charles Austin on a
farm, where he had been for some time
and his family was with him. He notifi-
ed the detective and Sheriff Shively went
out and arrested Frey Tuesday and held
him until Wednesday when the detective
arrived and started back to York, Pa.,
with him. Frey's wife is a sister to John
Austin's wife of Monticello. Frey is
wanted for forgery.

Will Make a Tour.

The first rehearsal of the chorus for the
Christian Endeavor picnic next Thursday
was held in the lecture room of the First
M. E. church last night with a good at-
tendance. Prof. Elmer E. Wood, the di-
rector, was well pleased with the interest
shown. It was decided to have the chorus
make a tour of the principal lines of the
street railway on Thursday morning be-
ginning at the transfer house at 10:30.
At 1 o'clock Goodman's band will make
the same circuit.

WILL TALK TO THE COUNCIL.

Judge Vail to Have a Chat with the Al-
dermen Monday Night as to the
Salvation Army.

The members of the city council may
be induced to recede from their position
as to treatment of the Salvation Army at
its session at the regular meeting next
Monday night. On that evening Judge
Vail will appear before that body as a me-
diator, and the subject of his talk will be
just what he thinks ought to be done in
the treatment of the Salvation Army
evangelists as to privileges in holding
street meetings.

No one knows what he will say, but it
is understood that he will endeavor to
bring about a compromise by which all
parties in the contention will be satisfied.
The council by its vote instructed the
police to enforce the ordinance against
blockading the sidewalks and streets.
The validity of the ordinance has been
passed upon by a jury which said that it
was good and that the army people had
violated its provisions.

If a compromise is not reached the Sal-
vationists will have to keep off the streets
except when making parades.

FIRE AT DALTON CITY.

southeast of Decatur last evening, the
agricultural store of W. H. Taylor & Co.,
at Dalton City, on the line of the P. D.
& E. road, was struck by lightning and
destroyed by fire together with about a
third of its valuable contents. The entire
population turned to with buckets to fight
the flames. They worked successfully
with the aid of the favorable breeze in
preventing the ignition of Clark store
and the Draper barber shop, the adjoining
buildings.

The building was about 20x60 feet and
was owned by James Henneberry. It
was insured for \$700, company not known.
The implement stock was insured for \$2500
in the German company, of Freeport
John Uppendahl is Mr. Taylor's partner
in the implement business.

Farmers Talk Politics.

There are quite a number of farmers in
the city today, and generally they were
gathered about in groups on the shady
sides of the business streets talking pol-
itics, discussing the work of the national
Republican convention and the effect of
the silver bill on the state of the country.
Those in one group were most all agreed
that the platform of the Republicans was
just what was needed to restore confidence
in the business world and one man said
that McKinley and Hobart ought to be
the unanimous choice of the American
people for president and vice president.
There were some who were not quite
sure what they would do—they would
wait and see what would come to pass be-
fore election day. Several Republicans
said they knew lots of Democrats who
would never vote the Democratic ticket if
the convention at Chicago in July de-
clares for free silver. They would vote
the Republican ticket straight.

Riverside Park Theatre.

Notwithstanding the threatening weath-
er last night a good sized audience attend-
ed the performance of "Jealousy," at Riv-
erside pavilion. Mr. L. F. Morrison was
seen at his best in the part of Paul, and
Miss Norma Yinger proved herself a tal-
ented emotional actress in the part of
Mona. The comedy parts were in the
hands of Miss Blanche Hall and Mr.
Mark E. Swan, who both received an en-
dorsement when they first appeared.

The pavilion is kept perfectly clean
and perfect ventilation makes the pavil-
ion the coolest place in town.

Tonight the beautiful comedy drama
with specialties "A Dangerous Game"
Manager Ferguson will have enough out
at the close of the performance every
night to carry thousands of people in one
single trip. Remember that the admis-
sion is free to the patrons of the City
Electric Railway company.

The New Buildings.

The work on the Schleudman hotel on
Front street is progressing rapidly. The
hotel when completed will be a handsome
structure. The exterior work is nearly
completed.

The brick work on the Babon building
on East Eldorado street is being done. It
will be some time yet before the place is
ready for occupancy.

The Gubhart building on North Water
street will soon be completed. The
building looks much like the old one which
was burned down.

Children's Day.

Tomorrow at the German M. E. church
Children's Day will be observed. The
pastor, Rev. J. C. Rapp, will preach to
the parents and children in the morning
and in the afternoon the children of the
Sunday school will render a program.
